If you are leaving on a trip within 14 days, you have two options available to you. First, you can make an appointment at the Boston Passport Agency. The automated telephone line is (617) 878-0900.

This service is especially useful, if you must travel within five days. If you obtain an appointment early in the day, it is sometimes possible to pick up your passport that same day. In some instances, your passport will be ready for you the following business day. In that case, you can either pick your passport up, or have it sent to you using an overnight courier service, such as FedEx.

If you are traveling within seven to ten business days, you may use a nearby acceptance facility, such as your local post office. You will need to pay an additional \$35 fee for expedited service and include a self-addressed, prepaid, two-way, overnight delivery envelope.

Whether you apply in person at the Boston Passport Agency or use the expedited service through the mail **you must** present your tickets or airline-generated itinerary in order to show that, in fact, you will be traveling within the 14 day window required by the passport agency to process an expedite request.
